THE JAPANESE LINES.

They Extend Thirty Miles Along the Yalu River.

Czar's Troops Are Preparing to Resist a Japanese Advance By Fortifying on the Manchurian Side of the Yalu River.

St. Petersburg, April 23.—Viceroy Alexieff's announcement of the destruction of a launch and the loss of 21 men by the explosion of a Russian torpedo at Port Arthur has added to the gloom which prevailed since the disaster to the Petropavlovsk.

"We are paying the price of carelessness," said a member of the admiralty, "and previous disasters seem to teach nothing." The war commission suppressed part of the viceroy's dispatch which showed where the mines were being laid. It is believed that as launches were employed they were mining the entrance to the harbor in order to prevent the Japanese from forcing an entrance and attempting to destroy the remaining ships.

It is evident from the closing of the entrance that Viceroy Alexieff has no intention of letting his ships to sea again even against an inferior force, though this may not be the policy of Vice Adm. Skrydloff, who will determine on a plan of opposition when he assumes command.

St. Petersburg, April 23.—The fol-

the opposing lines, it is understood, now skirt the two banks of the river. Shanghai, April 25.—Fearing a possible attack, the Chinese officials have decided to remove the Shanghai arsenal to Wu Hu, an inland town about 150 miles west of Shanghai. It is estimated that the entire cost of moving the arsenal will reach three million taels.

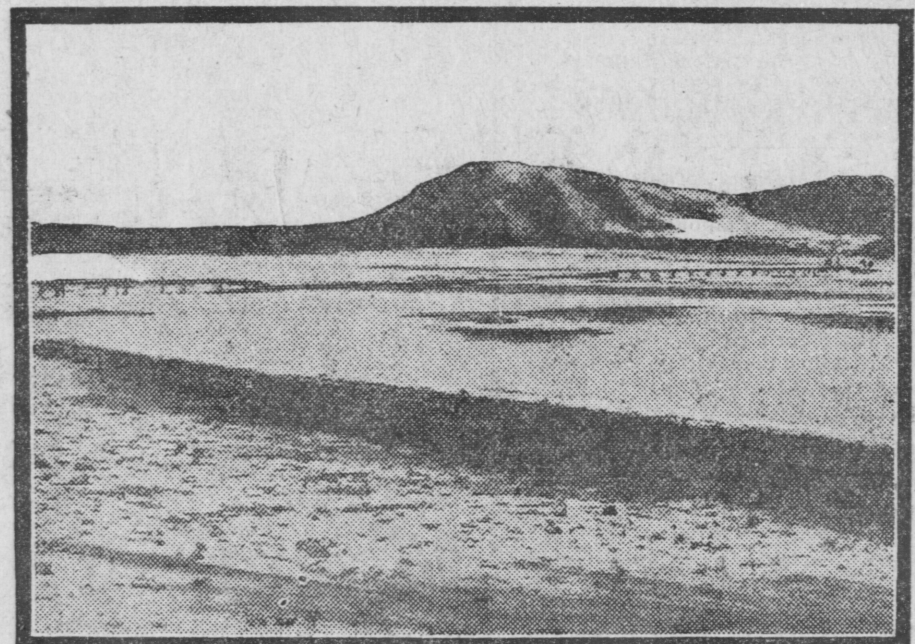

New Chwang, April 25.—The Russians are preparing to resist a Japanese advance by the further construction of intrenchments and other fortifications on the Manchurian side of the river, especially opposite the points where the Japanese have concentrated their forces within the last few days, and all reports of decisive engagements on the Yalu are premature.

London, April 25.—The far eastern dispatches Monday morning are chiefly concerned with reports and speculations concerning Japanese landings and the plan of campaign. The Telegraph's Tokyo correspondent says the present delay is more apparent than real, both as regards field and naval operations. The Japanese, according to the correspondent, are acting prudently and will not be hurried. They realize that certain movements must precede the next coup by land and sea, and they are awaiting both favorable weather and occasion, and from Port Arthur to Vladivostok are on the alert.

A SUNDAY SESSION.

The House Paid Tribute to the Memory of Deceased Congressmen.

Washington, April 25.—The house was in session for over five hours Sun-

THE BOUNDARY BETWEEN KOREA AND MANCHURIA.

At Wiju, the point at which this photograph is taken, the river is divided into three channels, across two of which, the deeper, bridges have been thrown.

lowing telegram from Viceroy Alexieff has been received by the emperor:

"Quite a series of reconnaissances carried out on the Yalu have shown that the Japanese are concentrating in considerable force. It is believed that they have about one division to the north of Wiju. They are also beginning to concentrate the operations in Wiju from which place they have moved the Korean population. Information has reached me that quantities of material, apparently parts of pontoon bridges, are being collected opposite the island of Mabikhe. Our scouts have killed two Japanese scouts, one of whom appeared to be an officer.

"On our right flank our scouts executed daring reconnaissances, extending over several days, on the left bank of the Yalu, as the result of which it has been ascertained that there are only a few troops south of the River Pomakua, but that the Japanese there are occupied in preparing boats. A Russian detachment of two officers and 32 men proceeded thither in three boats. The detachment, however, was discovered by the enemy and shots were exchanged, three of our riflemen being killed. Staff Capt. Smeizing and 11 riflemen were severely, and Lieut. Pushkin and four men slightly wounded. The detachment returned to our bank of the river under the cover of two of our guns.

Seoul, Korea, Saturday, April 23.—Advices received here state that the Japanese lines now extend 30 miles along the Yalu river, reaching from Yongampo to ten miles above Wiju. The Russians are strongest at Antung. Tiger Hill is, as it was in the China-Japanese war, the key to the situation. Three islands, one above and two below Wiju, will facilitate an attack as they offer a base for artillery to cover the crossing of the Yalu.

Paris, April 25.—According to the St. Petersburg correspondent of the Echo de Paris, Col. Van Novsky, of the Russian general staff, declares that the report of a Japanese reverse on the Yalu has not been confirmed. The colonel does not believe that there has as yet been any serious fighting on the Yalu, neither side having finished the concentration of troops. He estimates the Japanese strength in Korea to be 85,000 men.

New Chwang, April 25.—There is no official information that any decisive fighting has taken place on the Yalu river, neither have any reliable reports been received here that the Japanese have yet attempted to cross, although

day for the purpose of paying tribute to the memory of the late Senator Marcus A. Hanna, the late Representative Thompson, of Alabama, and the late Representative Skiles, of Ohio. Eulogies to Senator Hanna were delivered by Representatives Grosvenor, Longworth, Goebel, Southard, Kyle, Morgan, Van Voorhis, Hildebrand and Snook, of Ohio, and Tawney, Minn.; Brick, Ind.; Lovering, Mass.; Smith, Ill., and Tirrell, Mass. Tributes to the memory of the late Mr. Thompson were paid by Representatives Wiley, Underwood, Clayton, Burnett and Bowe, of Alabama; and Littlefield, Me.; Thomas, N. C.; Rainey, Ill.; Connor, Ia.; Padgett, Tenn.; Gaines, Tenn., and Paterson, N. C.

The speakers to the memory of Mr. Skiles were Representatives Grosvenor, Kyle, Cassingham, Snook and Hildebrand, of Ohio; Currier, N. H.; Webb, N. C., and Tirrell, Mass.

BALL PLAYERS ARRESTED.

Whether Sunday Ball Playing Is Illegal Is to Be Tested.

New York, April 25.—Whether the playing of baseball games in Greater New York on Sunday is illegal, is to be decided on a test case, the first step in which was taken Sunday under instructions issued by Police Commissioner McAdoo. Besides the players, three sellers of score cards were arrested. Commissioner McAdoo recently made the statement that he would not permit the playing of games in Manhattan, but that he would permit such contests at Washington park, Brooklyn, contending that these grounds are situated in a sparsely inhabited district and therefore games there did not interfere with the residents. Sunday, however, the commissioner issued instructions to arrest those most conspicuous in such games, and as soon as Frank Roth, of the Philadelphia club, had struck the second ball pitched by Poole, a police captain and four detectives placed Roth, Poole and Jacklitsch under arrest. The six prisoners were admitted to \$200 bail each, and will have a hearing Monday.

Helen Gould's Plans.

New York, April 25.—Miss Helen M. Gould, it is said on good authority, intends to devote much of her time and money in the future to Young Men's Christian association work among the Negroes in the south.

Will Be Treated as Spies.

St. Petersburg, April 25.—Viceroy Alexieff has issued a notification to the effect that newspaper correspondents using wireless telegraphy will be treated as spies. The notification is the same as that served on the state department at Washington.

Treated Like Princes.

Tokio, April 25.—Announcing the notification that military attaches will be permitted to take the field, the Japanese, in matters of equipment, etc., are treating the foreign attaches and correspondents like princes.

REVIEW OF CONGRESS.

A Total of Over 1,400 Bills Became Laws.

In the Senate There Were 5,645 Bills Introduced—One Senator and Seven Representatives Died During the Two Sessions.

Washington, April 25.—The important legislative accomplishments of the sessions of the 58th congress were confined to two subjects—Cuba and Panama.

The senate ratified the treaty negotiated with Cuba to carry out the terms of the Platt amendment. It also satisfied the Chinese commercial treaty which provides for two open ports in Manchuria.

Chairman Hemenway, of the house committee on appropriations, in a statement compiled under his direction, gives the total of all supply bills (subject to light changes in pending bills) as \$597,802,324, to which must be added \$34,791,820 for interest on the public debt. The estimated revenues are \$704,472,000. By these figures the expenses are \$220,000,000 less than the revenues. The estimates of the various government departments on which the appropriation bills were based exceeded the total estimated revenues by \$42,845,862.

While a total of over 1,400 bills became laws during the two sessions, less than 150 of them were "public" bills, and of this latter number, one-half simply authorized the bridging of rivers, the damming of streams, the regulation of federal courts, and the ordinance of the District of Columbia. It was made a crime to "crimp" seamen of the United States, by soliciting them as lodgers or charging a fee for shipping them.

The only general pension legislation which became a law makes the pension of those who lost their sight in the military or naval service \$100 per month. Agitation for a service pension bill resulted in the introduction of many such bills. It was decided, however, that no such action should be taken at the present session, after which the general order making age an evidence of physical disability to perform manual labor was issued by the secretary of the interior and recognized by congress in a deficiency appropriation of \$1,500,000 to make it effective.

The house, by independent action, directed an investigation of the alleged "beef trust" by the department of commerce and labor. The attorney general was given the benefit of the unexpended appropriation made last congress for the prosecution of the trust, an amount aggregating \$475,000.

The extension of the east front of the capitol building was provided in the sundry civil appropriation bill and provisions were made for an office building for senators to correspond with the proposed office building for members of the house of representatives. These buildings are to cost in the neighborhood of \$5,000,000 each.

The creation of two additional states in the union was provided for in a bill which passed the house, but not the senate. Oklahoma and Indian territory were united as Oklahoma. Arizona and New Mexico as Arizona. Legislation directly affecting the labor interests of the country received consideration in the committees of the two houses but final action was not taken. The eight-hour bill was referred to the department of commerce and labor for investigation and report, and the anti-injunction bill was postponed by the committees until the next session.

In the senate the confirmation of Gen. Leonard Wood as a major general was accomplished after much inquiry and objection.

Senator Hanna and seven members of the house have died, namely, Representatives T. H. Tugne (Ore.), Vincent Borering (Ky.), R. H. Forrester (Pa.), Henry Burk (Pa.), W. W. Skiles (O.), G. W. Craft (S. C.) and C. W. Thompson (Ala.). T. H. Ball (Tex.) resigned. His place is filled by J. M. Pinckney. George B. McClellan (N. Y.) resigned and was succeeded by W. Bourke Cockran. Charles Dick (O.) resigned to succeed Senator Hanna in the senate. George Howell (Pa.) was unelected in favor of William Connell and J. F. Shafroth (Col.) resigned in favor of R. W. Bonyne, who contested his election.

In the house there were 15,398 bills, 349 resolutions, 152 joint resolutions and 61 concurrent resolutions introduced. Of these 2,253 passed the house. In the senate there were 5,645 bills introduced.

Death of Ex-Judge Stevenson Burke.
Washington, April 25.—Former Judge Stevenson Burke, of Cleveland, O., died at the Shoreham hotel in this city Sunday from the effects of a paralytic stroke suffered nearly 24 hours previously. He remained unconscious from the time he was stricken until death. The body was taken to Cleveland at 7:45 Sunday evening.

Dinner in Honor of Bishop Leonard.
Rome, April 25.—Dr. Nevin, rector of the American church, gave a dinner Sunday evening in honor of Bishop Leonard, of Ohio. The guests included Ambassador Meyer and Andrew D. White, formerly United States ambassador to Germany.

Worry Drove Him to Suicide.
San Juan, P. R., April 25.—Frederick V. Martin, of Attica, Ind., commissioner of immigration for Porto Rico, killed himself by cutting his throat. The cause of Mr. Martin's act was brooding over professional matters.

SUFFICIENT IDENTIFICATION.

Woman After Pension Gives Personal Peculiarities of Her Soldier Father.

Representative Cowherd of Missouri has a constituent, an aged woman, who has been trying to get a pension because her father had been a soldier, she was not sure in just what war. At first, says the Washington Post, she was inclined to believe he had fought in the Mexican war; then she dropped back to the Seminole war, and finally decided it was in the war of 1812 he had served. On a muster roll of the latter war she found a name that corresponded with that of her father, but did not furnish Mr. Cowherd any positive means of identification.

Mr. Cowherd notified his constituent that it would be necessary to identify her father before a pension could be granted, and in response the soldier's daughter wrote:

"My father was of medium height, had black hair and eyes. He would not close one eye without closing the other, and didn't know anything about music. I think that ought to be sufficient identification for a pension."

Miss M. Cartledge gives some helpful advice to young girls. Her letter is but one of thousands which prove that nothing is so helpful to young girls who are just arriving at the period of womanhood as Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound too highly, for it is the only medicine I ever tried which cured me. I suffered much from my first menstrual period, I felt so weak and dizzy at times I could not pursue my studies with the usual interest. My thoughts became sluggish, I had headaches, backaches and sinking spells, also pains in the back and lower limbs. In fact, I was sick all over. "Finally, after many other remedies had been tried, we were advised to get Lydia E. Pinkham's Vegetable Compound, and I am pleased to say that after taking it only two weeks, a wonderful change for the better took place, and in a short time I was in perfect health. I felt buoyant, full of life, and found all work a pastime. I am indeed glad to tell my experience with Lydia E. Pinkham's Vegetable Compound, for it made a different girl of me. Yours very truly, MISS M. CARLEDGE, 535 Whitehall St., Atlanta, Ga."—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

THRO' KENTUCKY.

Thro' the grand state of Kentucky, Where the "Old Home" got its name, Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants—big as cactus— Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood, Here the "good roads delegation," Swear the roads are suitably good.

But of pikes and highways finest, There's a "road" that suits my taste; 'Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis—Hurry; beat them under the wire, "Get the 'Henderson Route' habit"— 'Tis a good one to acquire.

THREE MEN EXECUTED

The Chicago Car Barn Bandits Pay the Penalty.

Neidermeier Had to Be Carried to the Gallows, While Marx and Van Dine Showed No Emotion on the Scaffold.

Chicago, April 23.—Atheist to the last, but completely unnerfed, Peter Neidermeier, the leader of the car barn bandits, was hanged Friday from a chair, contrasting with his companions in crime, Gustav Marx and Harvey Van Dine, who, standing erect, kissed an image of Christ and died without a tremor. The three executions were separate, 20 minutes apart, the same scaffold being used for all. Only once before in the large number of executions that have taken place at the jail in this city has it been necessary to carry a condemned man to the gallows as Neidermeier was Friday. The crime for which the three bandits paid the penalty was one of eight murders which the three men are known to have committed—that of Francis W. Stewart, a clerk in the car barns of the Chicago city railway. Neidermeier had boasted continually of his courage but as the last moments approached he collapsed.

Dr. F. W. McNamara, the jail physician, had visited Neidermeier previously and said that Neidermeier's physical condition was satisfactory. The bandit leader himself told Chief Deputy Peters, who appeared with the death warrant, that the last walk would be without aid. Deputy Peters then read the document, and Neidermeier started from his cell. He had gone only two steps when he sank, and it was found it would be necessary to lift him to the scaffold. Immediately Neidermeier's feet were strapped together. He was handcuffed, placed on a hospital truck and wheeled to the end of a tier of cells. Then three deputies carried him down a flight of stairs. Entirely contrary to general expectation Neidermeier made no effort at resistance. Saying nothing and appearing almost in a daze, he was seated upon a chair placed over the trap of the scaffold.

No minister or priest accompanied Neidermeier, he having finally said, when offered a last opportunity before leaving his cell, he would die as he had lived, an atheist. On the scaffold Jailer Whitman disregarded the custom of asking whether the condemned man wished to say anything. The shroud and hood were quickly adjusted, the bandit instinctively moving his head that the rope might more easily be arranged, took a last glance at the spectators. He appeared as if in a stupor. A moment later, at 10:35 o'clock, the trap fell, the chair being quickly removed from behind as the body shot downward. The shroud became partly disarranged and fearful muscular struggles of the dying man continued for 15 minutes in view of the witnesses of the execution.

The convulsive movements of Neidermeier's body while he was suspended at the rope's end led the physicians at first to believe that he had horribly strangled to death. After an official examination, however, it was said his neck had been broken.

Shortly before the hanging Neidermeier's mother had asked to be admitted to the jail, but her request was refused.

The only requests that the other bandits, Marx and Van Dine, made were that they be allowed to bid another good-bye, which was granted. They counselled each other to be brave, and joined in hoping that they would "meet again." The men had been bitter enemies until a few days before the execution, Van Dine being incensed at his companion for having made the confession which led to their capture.

When the body of Neidermeier had stopped quivering and had been removed, Marx walked slowly to the scaffold with several priests, after having confessed, repented and received the last sacraments, as did Van Dine, both men having been converted to the Roman Catholic faith following the death sentence.

Marx, like Van Dine, was neatly attired in black and in the coat lapel of each was a white rose. Neidermeier, unlike his comrades, wore a rose of dark red. Marx showed no emotion while on the scaffold, and in a steady voice repeated a litany after the priests. He fervently kissed the crucifix and at 11:17 o'clock was hanged. His neck was broken.

The execution of Harvey Van Dine was varied by a curious incident. While he stood on the drop praying and waiting for his arms to be pinned and his legs secured, the noose fell from the cross piece of the gallows and dangled before the eyes of the bandit about to die. Disregarding the noose, the bandit continued praying steadily to the end. Death in his case, as in that of Marx, was almost instantaneous and not being due to strangulation, but to the fall.

FLOODS AND STORM.

Property Destroyed at Fort Scott By Water and at McPherson By Wind.

Fort Scott, Kan., April 25.—Fort Scott is experiencing the most serious flood in its history. Marmaton river and Mill creek, which runs into the former stream here, have risen ten feet in the past 24 hours, the result of heavy rains. Several hundreds of persons have been rescued in boats. As far as known no lives have been lost. The estimated loss to live stock drowned and property damaged is \$100,000. The two streams began to rise at 10 o'clock Saturday night and Sunday the city was divided into three sections and almost completely isolated. Sunday night the entire northern part of the city was cut off and part of the city is inundated. Ten feet of water is rushing through the streets in that part of the city and several hundred persons in what is known as Belltown have been forced to leave their homes.

Kansas City, April 25.—Unusually heavy rain and wind storms, causing more or less damage, prevailed in Western Missouri and Central Kansas Sunday, with a blizzard in Western Kansas. Small streams in Kansas are over their banks and many telephone and telegraph poles have been blown down. One drowning is reported. Many trains are late on account of washouts.

McPherson, Kan., April 25.—A severe tornado struck McPherson Sunday afternoon, demolishing six residences and causing more or less other damage to property. Three persons were injured, one seriously. Much damage was done in the country north of here.

The tornado passed four miles east of Salina, wrecking telephone and telegraph poles and farm property. Efforts were made to follow the course of the storm by telephone, but all the wires are down.

It is a miracle that great damage was not done at McPherson and many persons killed, as the tornado barely missed the thickly settled residence district.

KILLED HER PET DOG.

The Girl Grieved So Over the Act That She Drank Poison.

New York, April 25.—Grieving because she had killed her pet, a St. Bernard dog, Miss Martha Bond committed suicide at New Rochelle Sunday by drinking carbolic acid. Miss Bond was 24 years old and was companion to Mrs. William Carey, living in a fashionable apartment house. Miss Bond Saturday evening called her big pet into the yard of the apartment house and fired two bullets into its head. She had been told that she could not keep the dog in the building on account of a rule against animals of any kind being permitted there. After she had killed the animal she repented her act and grieved through the night. She said she had done wrong in shooting the animal and in remorse for the deed, planned her own death.

HALF MILLION DOLLAR FIRE.

The Victor Talking Machine Co., Camden, N. J., the Victim.

Camden, N. J., April 25.—The interior of the large four-story building of the Victor Talking Machine Co. of this city, was destroyed by fire Sunday afternoon, causing a loss estimated at nearly \$500,000. The concern carried an insurance of \$250,000. Upwards of half a million phonographic disc records and 25,000 talking machines in various stages of completion were destroyed. Thousands of original records which can not be replaced were also ruined. A fire boat and four fire companies from Philadelphia assisted the Camden fire department in preventing the flames from spreading.

JOHN BOTTS DEAD.

He Was the Youngest Federal Soldier in the Civil War.

Chillicothe, Mo., April 25.—John Botts, a former citizen of this place, who was distinguished as having been the youngest federal soldier in the civil war, is dead at Los Angeles, Cal. Twenty years ago a Toledo paper offered a gold medal for the youngest federal soldier in the civil war and it was awarded to Botts. He enlisted in the Fortieth Missouri regiment at the age of 13, and being large for his age, was allowed to enroll as a soldier.

Plunged Nine Stories to Death.

Chicago, April 25.—Dr. Edward Henry Lee, a leading surgeon of Chicago and well known clubman, accidentally plunged nine stories to almost instant death in the club house of the Chicago Athletic association, where he made his home.

A Continual Strain.

Many men and women are constantly subjected to what they commonly term "a continual strain," because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves badly and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. At all druggists.—W. T. Brooks

Bourbon's Candidate.

Hon. C. M. Thomas leaves this week for Woodford county in the interest of his race for Congress. Mr. Thomas will be absent for ten days or two weeks stumping the counties of Woodford, Henry and Owen. He will have the solid vote of Bourbon for him, and from the encouraging reports, Woodford, where he is now working, will no doubt give the vote of that county, and with the vote of Bourbon and Woodford, Mr. Thomas will have all the best of the fight. This is the only chance that Bourbon county has had in the past 50 years to send a representative to Congress and every citizen of Bourbon should work with all his energy to further the chances of Mr. Thomas.

No man in this Congressional District is better or more qualified to represent the Old Ashland District than the Hon. C. M. Thomas, of Bourbon. He is a college-bred gentleman, an orator, a prominent lawyer, and has every quality that would be demanded or asked of a Congressman.

A Dog Fall.

The Republican County Convention was called to order, as advertised, in the Odd Fellows' Hall, Saturday afternoon, at 2 o'clock, and all the bustle and hustle of the Republican leaders in the county for several days, the result was a dog fall. Each faction claiming they got what they wanted.

Robt. L. Gorey, a Bradley man, defeated Prof. W. L. Yerkes for Chairman of the convention. This knocked the wind out of the Yerkes crowd, and if the Bradley crowd had followed up the punch with another blow, they could have easily gained every point desired. But Mr. Earlywine, the ex-Private Secretary of the ex-Governor, uncorked a bottle of Republican oratory, and while he was speaking the Yerkes crowd got their wind back and affected a compromise.

It was resolved that the delegates be instructed to cast the 22 votes of Bourbon at the State convention for W. O. Bradley, John W. Yerkes, E. E. Underwood and Richard P. Ernst for delegates from the State-at-Large. They were also instructed to cast their votes for Messrs. Cannon and Combs at the district convention which convenes in Paris.

The following is the list of delegates to attend the district convention, which convenes in Paris to-day:
W. L. Yerkes, Wright Larkin, J. D. McClintock, H. S. Wilson, (Clintonville), Harry Croxton, A. J. Gorey, Charles Fisher, Squire Ingraham, Perry Hutchcraft, H. C. Howard, N. A. Moore, Dr. Benj. Hickman, John Jones, (Millersburg), A. H. Smedley, J. E. Gray, J. M. Brennan, Milt. Woodward, M. R. Jacoby, R. C. Gorey, J. M. Russell, W. W. Hall, (Hutchison), Wyatt Thompson, R. B. Boulden, U. S. G. Pepper, W. A. Thomas, Geo. W. Stuart, C. W. Wilmoth, Harvey Gilliard, H. C. Smith, J. L. Earlywine, R. D. Grant.

Prof. W. L. Yerkes was made Chairman of the County Committee, being a compromise selection.

Judge Denny's chances were knocked into smithereens by Dr. Hickman, our colored physician and orator, who in his speech said that Judge Denny had once remarked, "the negro was a mill-stone around the neck of the Republican party." Now let's put that mill-stone around Denny's neck. It was put there in good style by the colored brethren, for after Hickman jumped, the whole drove went over the hurdle.

A few respectable white Republicans and one or two renegade white Democrats and a large and enthusiastic crowd of negroes filled the hall to suffocation.

SERIOUSLY ILL.—The Maysville Bulletin of yesterday, says: Mr. J. H. Wallingford, of Paris, who has been visiting Mr. and Mrs. C. D. Russell, last evening received a long distance telephone message stating that his wife was very seriously ill and would have to undergo a delicate surgical operation this morning. He left on the early train.

THE men who know most about the political situation in Kentucky say least about it.

PRESIDENT ROOSEVELT and his close political advisers recognize New York, New Jersey, Indiana and Illinois as doubtful States in the coming Presidential election, and urge upon the party managers the necessity of concentrating their energies in carrying the same.

Called Off.

The annual State Fireman's Convention, which was to be held in Lexington, in May, has been called off, due to the fact that the President of the organization, Geo. W. Muir, will not be in office at that date. Chief Muir was to have been the host of the occasion, but his dismissal from office by the Police and Fire Commissioners stopped the proceedings. Secretary Edw. Hite, of this city, after a consultation with Chief Smith, of Danville, decided that under the circumstances the convention could not be held this year.

Terrific Storm.

A terrific rain and wind storm passed over this city about 5:30 o'clock yesterday afternoon. It seemed for a few moments like houses would be lifted from their foundations.

The small derrick just placed in position on the court house for temporary use was blown down.

A large rafter struck L. Frank's delivery wagon, knocking his driver from the wagon, painfully bruising him. The horse ran off and was caught in front of McKimsey's blacksmith shop.

The roofing and part of the brick on the three-story building of W. Ed. Tucker, on Main street, was blown off and carried across the street to the roof of the Paton Building. The loss to the Tucker property will reach in the thousands.

J. W. Davis & Co.'s roof was partly taken off. They carried \$5,000 cyclone insurance on their building.

Alfred Bedford, colored, of Ruckerville, had part of his house blown down.

The Paris Distilling Company suffered considerable loss.

Bank Closed Its Doors.

The many friends of Mr. A. H. Bedford, formerly of this county, and now living in Hobart, Okla., will regret to hear of financial trouble in his banking house. A dispatch, dated Friday, says: "The Farmers' and Merchants' National Bank closed its doors to-day. President Bedford says the depositors will be paid in full. The failure was the result of a run, \$25,000 having been withdrawn yesterday. The bank had deposits of \$55,000, and loans and overdrafts exceeding \$95,000."

Students Visit Lexington

The Paris High School visited State College, at Lexington, on Friday, under the supervision of Prof. Lawhorn, who is principal of the school. The purpose of the trip was to inspect the State College, and the cadets took pleasure in showing them the shops, laboratories and the wonderful X-ray machine in Prof. Pence's domain, with which they were especially delighted.

They expected to see a sham battle, but were fully compensated for their going, by the magnificent volley of firing of the battalion in street formation, and by the perfect lines of the several companies as they passed in review.

In the afternoon they attended the base ball game between the local team and the Cincinnati University.

He Welched.

J. E. Gibson, of the firm of Crawford & Gibson, the Court House contractors, left Paris on January 27th for Indiana to be married, and it now seems that he has abandoned the contract as far as he is personally concerned. A series of accidents have delayed the work on the building and Gibson to break faith with Mr. Crawford, his financial backer, at this time will mean a considerable loss to the latter. Before leaving Paris Mr. Gibson drew \$2,080 of the Court House fund for his supposedly honeymoon expenses. He has promised Mr. Crawford on several occasions to return and resume work, but up to this time neither Gibson or the money has returned.

From all we can gather the action of Gibson to his partner is nothing more or less than base ingratitude. The four daily papers of Logansport, Ind., his home, have been ripping the gentleman from A to Z. They refer to other shady transactions of Mr. Gibson.

It was discharged and the bullet entered his arm near the left shoulder, inflicting a severe injury.

THE CANAL IS OURS.

The Contract With the French Canal Company Signed.

Paris, April 23.—The contract by which the ownership of the Panama canal passes to the senate has been signed, sealed, delivered and is complete. The title to the canal route is now vested in the government of the United States.

The document by which this transaction is consummated bears the signatures of President Bo and Director Richman, of the Panama Canal Co., who signed for the company as its responsible officials. The transfer is complete and without reservation and the United States secures a perfect title. This result has been accomplished quietly and most unexpectedly, as the public had been given to understand that the contract would not be executed until after the meeting of the stockholders of the Panama Canal Co. Saturday, at which the question of ratification would be presented.

It is confidently believed that the completion of the sale before the meeting will increase the vote for the ratification, as it will be recognized that nothing more remains but to acquiesce in the action taken by the highest officers of the company.

When W. A. Day and Charles F. Russell, the United States assistant attorneys general, who are in Paris to assist in the transfer of the property, were seen Friday night, they reluctantly admitted that the transfer had been consummated, and in order to avoid misunderstandings regarding a transaction of this magnitude they furnished the following official statement in writing:

"The papers transferring the rights and property by the new Panama Canal Co. to the United States have already been executed and delivered. They will be ratified Saturday afternoon by the stockholders' meeting.

"The arrangement includes a general conveyance and provisions for deeds and resignation in the republic of Panama and in the canal zone now under the jurisdiction of the United States in which zone the civil law continues in force by reason of the session of the zone from a civil law sovereignty. All formalities of the local law on the isthmus have been arranged for and secured to these United States.

"The property will shortly be delivered on the isthmus and upon that being done the purchase price will be immediately paid. The United States gets an unencumbered title."

THE NEW BELLEVUE HOSPITAL.

It Will Be the Largest Structure of the Kind in the World.

New York, April 23.—The new plans for the new Bellevue hospital in this city were made public Friday. They provided for the largest hospital in the world, a magnificent structure, which will extend from 26th to 29th street and from First avenue to East river. It will take ten years to finish the structure and will cost \$12,000,000. Architecturally, it will rank among the great buildings of the country. It is to be constructed of brick and stone, will be fireproof and will accommodate 2,500 patients. The largest hospital in the world now is one at Hamburg, which houses 1,700 patients. It is planned to have 125 doctors and 320 nurses. At present there are 42 doctors and 160 nurses at Bellevue.

TURKISH CRUISER MEDJIDIA.

The New Vessel, Built in This Country, Delivered to the Turks.

Constantinople, April 23.—The Turkish cruiser Medjidia, built at Cramps shipyards, Philadelphia, arrived at Mytilene Friday and was delivered to the Turkish officials. The sultan was so pleased with the Turkish admiral's report on the cruiser that he sent a complimentary telegram to President Roosevelt and a personal message to United States Minister Leishman, commending the high qualities of the American shipbuilding industry. His majesty has invited the officers and crew who brought over the cruiser to visit Constantinople at his expense.

The president replied in a cablegram of thanks and expressive of his pleasure at the good showing of the new Turkish cruiser.

SUNDAY BALL GAMES.

They Will Be Permitted in Brooklyn League Park.

New York, April 23.—In a statement issued Friday Police Commissioner McAdoo says that the playing of baseball games on Sunday will not be permitted at either of the league grounds in Manhattan, but that match games will be permitted in isolated neighborhoods, provided there be no violation of the law in regard to such games. In the commissioner's opinion the Brooklyn league park is in an "isolated place," and therefore he will take no action against the league games now being played on Sunday in that borough.

Cheaper Than the Midway.

St. Louis, April 23.—According to a statement by the department of concessions of the World's fair, it will cost \$20 for the total admissions to all the attractions on the lake. The total cost for the Chicago Midway was \$35.

The Mammoth Steamer Minnesota.

St. Paul, Minn., April 23.—It has been announced that President Hill's mammoth trans-Pacific steamer Minnesota will sail from New York on her maiden voyage around South America to Seattle on July 4 next.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH APPELLATE COURT OF KENTUCKY:—I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.

Very respectfully,
JAMES E. CANTRILL.

FOR CONGRESS.

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to secure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line. If I am permitted to continue to represent my District.

My official duties in Washington will prevent me from making an active personal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member of Congress meets with your approval, and hoping my candidacy will receive your valuable aid and support, I am

Very respectfully yours,
SOUTH TRIMBLE.

HOSPITAL SECRETS.

A Nurse Says: "Pe-ru-na is a Tonic of Efficiency."

MRS. KATE TAYLOR.

Mrs. Kate Taylor, a graduated nurse of prominence, gives her experience with Peruna in an open letter. Her position in society and professional standing combine to give special prominence to her utterances.

CHICAGO, ILL., 427 Monroe St.—"As far as I have observed Peruna is the finest tonic any man or woman can use who is weak from the after effects of any serious illness. I have seen it used in a number of convalescent cases, and have seen several other tonics used, but I found that those who used Peruna had the quickest relief."

"Peruna seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time."—MRS. KATE TAYLOR.

In view of the great multitude of women suffering from some form of female disease and yet unable to find any cure, Dr. Hartman, the renowned specialist on female catarrhal diseases, has announced his willingness to direct the treatment of as many cases as make application to him during the summer months, without charge. Address The Peruna Medicine Co., Columbus, Ohio.

FIXING PRICE OF POETRY.

The Only Way of Deciding What the Real Article for Magazine Use Is.

The great magazine editor was wrapped in thought and cigar smoke. To him came an assistant editor with a poem, relates the Chicago Post.

"This seems to have passed the usual test," said the assistant.

"Have I read it?" asked the editor.

"Yes."

"Was I able to make anything of it?"

"No."

"Then accept it, of course."

"But how much shall we pay for it?"

The great editor increased the cloud of thought and cigar smoke.

"Have you read it?" he asked, at last.

"Yes."

"Were you able to make anything out of it?"

"No."

"Looks as if it might be pretty valuable, doesn't it? How many of our manuscript readers have tackled it?"

"Six."

"Could any of them make out what the poet was driving at?"

"Well, Robinson thought he got a glimmering idea of the underlying meaning."

"That takes \$10 off the price," said the editor. "Just figure it up according to the usual method—\$10 added for every man who couldn't understand it and \$10 deducted for every man who could. We've got to pay good prices for good poetry, and there is only one way to decide what has real magazine merit."

HAS A SAY.

The School Principal Talks About Food.

The Principal of a High School in a flourishing Calif. city says:

"For 23 years I worked in the school with only short summer vacations. I formed the habit of eating rapidly, masticated poorly which coupled with my sedentary work led to indigestion, liver trouble, lame back and rheumatism."

"Upon consulting physicians some doped me with drugs, while others prescribed dieting and sometimes I got temporary relief, other times not. For 12 years I struggled along with this handicap to my work, seldom laid up but often a burden to myself with lameness and rheumatic pains."

"Two years ago I met an old friend, a physician who noticed at once my out-of-health condition and who prescribed for me an exclusive diet of Grape-Nuts, milk and fruit."

"I followed his instructions and in two months I felt like a new man with no more headaches, rheumatism or liver trouble and from that time to this Grape-Nuts has been my main food for morning and evening meals, am stronger and healthier than I have been for years without a trace of the old troubles."

"Judging from my present vigorous physical and mental state I tell my people Methuselah may yet have to take second place among the old men, for I feel like I will live a great many more years."

"To all this remarkable change in health I am indebted to my wise friend and Grape-Nuts and I hope the Postum Co. will continue to manufacture this life and health giving food for several centuries yet, until I move to a world where indigestion is unknown." Name given by Postum Co., Battle Creek, Mich.

Ask any physician what he knows about Grape Nuts. Those who have tried it know things.

WILLING TO DO HER BEST.

Husband—We shall really have to economize, dear. Don't you think you could try and make your own dresses? Wife—I'm sure I couldn't, dear; but I'll try what I'll do, if you like. I'll try and make you a suit of clothes.—Ally Sloper.

Generous.

"Mamma," said the little one, "there's a girl in the next block that's a lot sicker than I am."

"You're not very sick, pet," replied the mother; "not even in bed. You'll be out playing again in a day or so."

"I know it, mamma, so don't you think we ought to do something for the little girl that's so much sicker?"

"What would you like to do?"

"I'd like to send her that nasty medicine the doctor left for me."—Chicago Post.

Realistic Beginning.

Miss New Woman—I don't ask special privileges, Mr. Crump. What I do ask is that you, for instance, a man, should treat me exactly as you would another man. Instead of talking small talk, and treating me like a thing to be protected, and all that, assume towards me the attitude you do to Mr. Warrington. Treat me like a good fellow.

Mr. Crump (quickly)—Why, certainly, old chap. Lend me a fiver, will you?—Tit-Bits.

CONSISTENT.

As Indicated.

"That fellow," remarked the proprietor of the corner grocery, "is evidently a crank on electricity."

"Why do you think so?" asked the policeman, as he roved away from the cracker box.

"Because he's always wanting things charged," answered the man behind the counter.—Chicago Daily News.

His Courage.

"Does your father ever kiss your mammy, Willie?" asked the lady who had once been the gentleman's sweetheart.

"Yes, every morning when he goes away to the city."

"Dear me! And to think that I once doubted his courage."—Chicago Record-Herald.

Saving His Sympathy.

Mother—I declare, I am positively provoked at your father. I am doing my best to secure you a titled husband, and he hasn't the least sympathy with my plans.

Daughter—Perhaps he is keeping his sympathy for me, in case you succeed in carrying out your plans.—Brooklyn Life.

BETWEEN DESIRE AND DUTY.

"Great earth!" shouted the dismayed papa, looking at the milliner's statement, "\$125 for that bonnet?"

"Why, yes, papa," smoothly answered the gentle daughter.

"Well, when that young Squidunks comes to-night to hear whether I will let you marry him or not, blamed if I know whether to show him this bill as a warning or tell him yes and leave him to his fate."—Chicago Tribune.

Answered.

Getting Ready.

"Why do you keep calling Pettifog Judge?" He never sat on the bench, did he?

"No. But I want to try to borrow \$20 from him as soon as I can get a chance to speak to him alone."—Chicago Record-Herald.

One Thing He Admitted.

Swiveller—Speaking of Smallweed, I consider him the most modest, unassuming man I ever met in my life.

Quip—Then he doesn't think too much of himself?

Swiveller—Not at all; not a bit conceited, though he admits that any man possessed of his abilities would be.—Tit-Bits.

"Sound as a Dollar."

Monticello, Minn., April 25th.—Mr. J. W. Moore of this place stands as a living proof of the fact that Bright's Disease, even in the last stages, may be perfectly and permanently cured.

Mr. Moore says:—"In 1898, three reputable physicians after a careful examination told me that I would die with Bright's Disease inside of a year. My feet and ankles and legs were badly swollen, I could hardly stand on my feet and had given up all hopes of getting cured, when a traveling salesman told me that he himself had been cured of Bright's Disease two years before."

"He said he had taken to his bed and expected to die with it, but that he had been cured by a remedy called Dodd's Kidney Pills."

"I commenced taking them at once and I am thankful to say that they saved my life. After a short treatment I was completely restored to good health and I am as sound as a dollar."

Good One Necessary.

One of the English weekly papers tells a good "caddy" story. A distinguished amateur came to the links with the air of one who has only to come and see in order to conquer.

"Haw, caddy," he said.

"Yes, sir."

"What's the length of this hole?"

"Two hundred yards, sir."

"Haw, I see. Just a drive and a putt."

"Noo," said the caddy, "noo for the devil o' a putt!"—N. Y. Tribune.

How to Keep House.

With all the luxuries and pleasures of this life, its big enjoyments and its smaller comforts, there is an offset or antithesis which we have to contend with in the form of aches and pains. In some way and by some means every one has a touch of them in some form at some time. Trifling as some of them may be, the risk is that they will grow to something greater and rack the system with constant torture. There is nothing, therefore, of this kind that we have a right to trifle with. Taken in time, the worst forms of aches and pains are easily subdued and cured by the free use of St. Jacobs Oil. No well regulated household ought to be without a bottle of this great remedy for pain. It is the specific virtue of penetration in St. Jacobs Oil that carries it right to the pain spot and effects a prompt cure even in the most painful cases of Rheumatism, Neuralgia, Sciatica, Lumbago, etc. You want it also in the house at all times for hurts, cuts and wounds, and the house that always has it keeps up a sort of insurance against pain.

Knocked Out by Time.

Economy in Threshing.

The fact that there is more grain put into the straw stack than there should be, is something that merits the earnest attention of the up-to-date farmer.

Is it not possible to save the wastage of grain and time which attends the use of old-style machinery? This is something that should command the careful consideration of every farmer.

In line with the thought we call attention to the ad. of Nichols & Shepard Company, Battle Creek, Michigan, found in another column.

It would seem that the time has come when this great channel of wastage on the farm should be eliminated.

RIGHT HERE IN PARIS.

Clarke & Co. Guarantee to Refund Money If Hyomei Fails to Cure the Worst Case of Catarrh.

It is no uncommon thing to see a medicine advertised as a "guaranteed cure." But investigation usually shows that the guarantee is made by some unknown firm, hundreds of miles away.

The guarantee, though, that comes with Hyomei, is entirely different. It is made by Clarke & Co., one of the most reliable drug firms in this section. They advertise that if Hyomei does not cure the worst case of catarrh, they will return the money without any question or argument. No business house in Paris has a better reputation for square dealing than Clarke & Co., and when they guarantee that they will refund the money if Hyomei fails to cure catarrh, no one has any question as to the agreement being lived up to, both in spirit and letter.

Hyomei is very easy and pleasant to use. Just breathe it through the little inhaler that comes with every outfit; every breath will bring recovery so much nearer. It kills all the germs of catarrh, troubles in the air passages of the head, throat and lungs, soothes and heals the irritated mucous membrane, and is the only natural cure for catarrh.

The complete outfit costs but one dollar, and extra bottles of Hyomei can be obtained for fifty cents. Do not let a slight catarrhal trouble develop into one that may be serious and chronic. Use Hyomei at once, remembering that you run no risk whatever when you try Hyomei on Clarke & Co.'s offer of "No cure, no pay."

Healthy Mothers.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Boecher's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can hoarseness and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size 75c. At all druggists.—W. T. Brooks.

It is generally conceded that both Parker and Gorman are stronger men than Hearst, but that does not license the Democratic press to apply the vile and mean things to him which they are doing. In the campaign of 1896, Mr. Hearst gave to the Democratic party his check for \$250,000.

—There can be no doubt that turkeys will bring a high price the coming year. The scarcity of the breeding stock which makes this outcome practically certain. With a favorable season, of course, large flocks may be raised, but not enough to meet the general demand. Let all lay their plans accordingly and reap the reward which is apt to follow the recognition of opportunity.—Harrodsburg Herald.

—D. W. Peed, of this city, bought on the market about 96 hds., 20,000 lbs. of tobacco, two weeks ago, and sold the same in Louisville, Friday at an average of \$18.90 per hundred. He made on the deal over \$5,000. Mr. Peed left yesterday for St. Louis, where he will remain for about a month, arranging the tobacco display at the World's Fair. He is a commissioner from Kentucky for the tobacco show.

THE Department of Agriculture, which gives the people so much valued information, has so far failed to state the difference, if any, between lady bugs and kissing bugs.
